This is a moderate framed bull, with great muscle expression, wide-topped and big rumped. He is out a powerful cow who has produced some outstanding bulls, and that is now 16 years old, and has never missed a year, with her 15th calf at foot now; it just doesn't get more dependable than that! He has a nice set of EPDs; his low BW makes him a nice choice for heifers, while still having average weaning and yearling weight EPDs.

This is another correct and well muscled bull, this time out of our Cayley cow family. His dam, Bennville Cool Zab, is a moderate framed cow, with a super udder that consistently produces animals that are as well muscled and deep as she herself is. This boy boasts another super set of EPDs, coming in well above average for weaning and yearling weight, as well as for carcass EPDs.

Nice heifer out of a cow that is one of the best in our herd. Bennville Yao was a past 4-H animal, and did great in the show ring, and has produced great calves ever since. This heifer is too young to fit into our program, but is a great opportunity for someone to gain some great genetics.

CONSIGNOR: SOUTHGATE ACRES OF DUNDALK

Springers are bred to an Angus Bull and were not preg checked here. The calves are Angus X and born end of April. All were vaccinated with Triangle 10 and Ivomeced in May 2020
